## TEXT-4-HELP

Text-4-Help is an anonymous text crisis hotline offering emotional support for middle school, junior high and high school youth. It is the only text hotline in the country that is fully anonymous and that is supported by teams of licensed mental health counselors. Text-4-Help is available 24/7, 365 days per year. The service was launched in January 2014 in a local Chicago community in response to three teen suicides and has since expanded across the country.
