Dear Class of 2020,

This is one the hardest letters to write.

First and foremost, please know that the BMCHS Administration, Faculty, and Staff have been thinking about you, and praying specifically for your class. We miss seeing your faces and interacting with you each day. This time of year, was intended to be one of several approaching final completions. Instead we know it has turned into one of anxiety, sadness, and yes, even anger for you.

Even though we currently have April 15th as the possible date of return, we know that this may be very optimistic. This unknown even adds further to that feeling of powerlessness we collectively our experiencing. We begin at home learning on Monday. So, in some way we will be connecting once again with you, but we know it won't be the same.

Academically, we will still have your completion date as May 18, 2020. We will tie everything up by the Friday before. We want you to know that we will do all that we can to recoup any Senior experiences we are able to when the ok to return to campus and to gather is given. Let's consider those events that are in BMCHS's control merely postponed if it becomes necessary to do so.

We may need to be creative at some point beyond what was expected if we do not return after April 15th...but we will find some way to acknowledge your many achievements, celebrate your accomplishments and build on the positive experiences of the Class of 2020. We welcome your input and ideas.

We love you Seniors! Continue to be proud to be a Hornet. And most importantly continue to remain close to God and one another. Be safe and stay healthy for **WE** **WILL** see one another again.

In Christ we remain,

Mr. Doyle
President

Mr. Brogan
Principal

and continue...
"to make
good
choices"
