

Coronavirus Update 3/19/2020 2:00 PM

Bishop Moore Families,

Attached please find an updated letter from Superintendent Fortier regarding the Diocese of Orlando school response to at home learning due to COVID -19.

As Mr. Fortier acknowledges, that although warranted, this is a major disruption to our normal routine. BMCHS assures you that our teachers and our staff will do our best as we continue our forward educational momentum. We will adjust and adapt as necessary.

For certain, there are many questions we are not able to answer at this time due to the fluidity of these unprecedented circumstances we currently find ourselves in at the moment. Over time, these too will be answered as the days unfold.

Next week, teachers will return officially from break (*albeit remotely*) to plan for Instruction. BMCHS will share with all families the details of our anticipated process later next week. Please be on the lookout for future emails.

Most Importantly: Be assured that we do what we do each and every day because we love what we do, and we love the students God has graced us with.

Administration
