Dear Bishop Moore Parents/Guardians and Students,

Monday, March 30th students begin learning from their home environment. Of course, this is something we had not planned to do when we began this school year back in August. It is however, necessary to do at this point, as we do our part to follow the directives of many in order to physically distance ourselves from one another. I know this causes anxiety for many because we are venturing down a different path than anticipated. I have met with all Instructional Staff as a whole, as departments and even as individuals. We have provided webinar opportunities for all teachers to freshen up on techniques and to learn some new things to create greater professional confidence for them. I have never been prouder to be a colleague of this illustrious group. We have a plan to move forward. Although at the moment of this letter we are only scheduled to be apart through April 15th, we are prepared to continue at home learning for the duration of the year if it is asked of us.

We are in the 4th quarter. In other words, we have already completed 75% of the academic year. I know there will be many questions and concerns. Some of these will be collective and some will be more individualized from your respective angles. All of us at BMC will continue to walk this new journey together. Although we know this situation can never replace the day-to-day, face-to-face interactions that are the hallmark of who we are, we accept the challenge and promise will do our best to provide as much of the Hornet spirit as we can. Every person who works for you on this campus, misses you and can't wait for the day when things return back to "normal".

The grace God has provided us in this unintended moment is that we all have a greater appreciation of one another and of the life we share as one Bishop Moore Catholic High School Family.

**Our Spirits are Undaunted
Our Hearts are Ever-bold
Oh, Bishop Moore
We Praise Thee
"Hail the Black and Gold!"**

Virtus et Scientia,

Scott Brogan
Principal
