

Dear BMCHS 9th - 11th grade families,

As a community of faith, our Easter journey drew to a close as we celebrated Pentecost Sunday and the apostles being sent forth into the world to spread the gospel to all peoples.

This Thursday we officially complete the school year and head into summer. This last quarter was clearly a challenge for so many on all fronts and it certainly was not anticipated when each of you began your 2019-2020 academic journey. Absolutely nothing can ever replace the day to day face to face education BMCHS is so proudly known for. You are to be commended for your patience and your ability to adapt as best as you could to the abrupt transition to at home learning you and the faculty were forced into for the 4th quarter. We pray each of you will end strong by getting those last remaining assignments completed.

As Superintendent Fortier stated in his most recent communication, the Diocese is at work assessing and creating plans for the road ahead. Please anticipate a Diocesan survey sent to you soon. We ask that every family complete it as soon as you receive it. Because this process has not been completed at the time of this email, we are likely not able to give any definitive answers to some of your anticipated questions. We therefore ask once again for your patience.

In addition to the Diocesan survey, BMCHS will conduct our own questionnaire, following the results of the one from the Diocese. Please feel free to express any specific comments, thoughts or concerns about this past quarter, and any future Diocesan plans, as well as those of BMCHS moving forward. We look forward to your responses.

Although final plans for next year remain undetermined at this time, as a Catholic school, we are built upon great hope and determined resolve. With your continued support and the guidance of the Holy Spirit, we will advance our mission as a Christ-centered environment providing our students the necessary tools to achieve their highest God-given potential.

Thank you,

Administration
